THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

Founded in 1855 through the efforts of J. Marion Sims, M.D.; in-

corporated in 1857.

The Woman's Hospital has the distinction of being the first institution in the world established by Women "for the treatment of diseases peculiar to women and for the maintenance of a Lying-In Hospital."

Its first site was at Madison Avenue and 29th Street, where a building was rented, equipped for forty patients and opened on May 4, 1855.

Twelve years later a building to accommodate seventy-five patients and the necessary staff of officers and nurses was built on land granted by the City, bounded by Park and Lexington Avenues and 49th and 50th Streets, and was opened for patients on October 12, 1867. A second building similar to the first was added in 1877 providing increased accommodations for patients and improved facilities for surgical work and investigation.

On the Lexington Avenue site the work of the hospital was continued for thirty-five years. In 1902 the property was sold and the hospital closed temporarily during the erection of its new building on Cathedral

Heights.

The present hospital building was completed and opened for patients

on December 5, 1906.

The Nurses' Home, built largely through the generosity of the late Mrs. Morris K. Jesup on land given by the late Mrs. Frederick Ferris

Thompson, was completed in December, 1914.

The Thompson Building, built and equipped by the late Mrs. Frederick Ferris Thompson, was officially opened on December 9, 1915. This building provided the hospital with extensive pathological laboratories, ten additional private rooms, two additional operating rooms and accommodations for the Out-Patient and the X-Ray Departments.

The Out-Patient Building and an extension to the X-Ray Department

were completed and opened for patients on March 13, 1929.

Present capacity of the hospital: 325 patients.

EIGHTY-FOURTH ANNUAL REPORT OF THE BOARD OF GOVERNORS OF THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

The Board of Governors of the Woman's Hospital in the State of New York presents the following reports from the several departments of the Hospital for the year ending December 31, 1939.

The Board calls attention to the following facts:

During the year 2,915 ward patients were given a total of 43,525 days treatments of which 28,291 days treatment or 65% were free. The receipts from the ward patients amounted to \$92,393.65 while the care of these patients cost the Hospital \$263,007.89.

In the Out-Patient Department 10,345 patients made a total of 41,665 visits in the Clinics. The cost of maintaining this service amounted to \$45,300.37 while the fees collected from patients able to pay amounted

to \$22,135.49.

In the Social Service Department 3,930 cases were cared for, including the prenatal care of 826 prospective mothers; 1,910 visits were made to the homes of patients, including 1,158 visits for the Surgical and Obstetrical Follow-Ups, and the care of 54 convalescent patients was arranged for with the various Convalescent Homes.

The net cost of the charitable activities of the Hospital for the year

amounted to \$193,779.12.

The total current receipts from earnings, donations and income from investments amounted to \$499,547.48 and the total current expenses to \$552,490.67 leaving an excess of current expenses over current revenue of \$52,943.19.

Comparative statistics for the year 1939 and 1938 will be found in the Report of the Treasurer on page 16.

The principal needs of the Hospital are:

Larger General Endowment

Funds for Scientific Research

Endowment of \$10,000 for the Surgical Library and Record Room Funds for Emergency Treatments for Needy Cases.

Mrs. Josephine H. Combs resigned as Directress of Nurses after twenty years of faithful service. Her resignation was accepted reluctantly by the Board and Miss Grace E. Haycock was appointed her successor.

The Board announces with deep sorrow the deaths of two of its members, Mrs. Hiram W. Sibley and Mrs. Arthur W. Little.

Mrs. Sibley was a member of the Assistant Board from 1886 to 1888 and again from 1906 to the date of her death and of the Board of Governors from 1911 to the date of her death. During these many years, Mrs. Sibley was an active member of the Committee on Nurses. Her advice was often sought and always willingly given. She will be greatly missed by her fellow workers in the Hospital.

Mrs. Little was a member of the Assistant Board and of the Board of Governors from 1909. She, too, was an active Governor. She was Chairman of the Committee on Social Service for many years and, as Chairman, kept in close touch with her Committee, consulting with and advising its Director as to her work among the needy patients in the Hospital. It will be difficult to fill her place.

The Governors acknowledge with gratitude the many donations the Hospital has received during the past year, including a generous donation of \$5,000 from Mrs. George B. deLong for X-Ray Equipment, and also wish to record their appreciation of the faithful and efficient services rendered by the Surgical, Executive and Nursing Departments.

FINLEY J. SHEPARD, Secretary.

Grenville Lindall Winthrop,

President.

IN MEMORY OF MRS. HIRAM W. SIBLEY

Assistant Board 1886-1888; 1906-1939 Board of Governors 1911-1939 DIED May 28, 1939

Resolved, That in the passing by death on May 28, 1939, of Mrs. Hiram W. Sibley, the Woman's Hospital in the State of New York has lost a Governor who was ever faithful to its traditions and best interests. Mrs. Sibley served as a member of the Assistant Board from 1886 to 1888 and again from 1906 until the date of her death. She was elected to the Board of Governors in 1911.

As a member of the Committee on Nurses from 1906 and of the Social Service Committee from 1921, Mrs. Sibley found many opportunities for personal assistance and her unfailing response was given with a warmth of sympathy that ennobled her gifts. The memory of her kindly and unselfish service will linger and the Board of Governors does hereby record its deep sense of loss in her death.

Resolved further, That this Resolution be spread upon the minutes and a copy forwarded to Mrs. Sibley's family.

Finley J. Shepard, Secretary.

IN MEMORY OF MRS. ARTHUR W. LITTLE

Assistant Board 1909-1939 Board of Governors 1924-1939 Died April 18, 1939

From the Minutes of the Meeting of the Board of Governors of the Woman's Hospital in the State of New York, held May 15, 1939.

It was Resolved, That the Board of Governors of the Woman's Hospital in the State of New York does hereby record its high appreciation of Mrs. Arthur W. Little and its consciousness of great loss in her passing by death on April 18, 1939. Mrs. Little was elected a member of the Assistant Board in 1909 and to the Board of Governors in 1924, serving continuously until her death. She was Chairman of the Committee on Social Service and brought to its direction an understanding and effectiveness born of a personal contact with its problems. She will be gratefully remembered.

Be it further Resolved, That this Resolution be spread upon the minutes and a copy sent to her family.

Finley J. Shepard, Secretary.

CERTIFICATE OF AUDITING COMMITTEE

We have had the accounts of the Treasurer and Superintendent for the year ending December 31, 1939, examined and checked by Haskins and Sells, Certified Public Accountants, and have received their report certifying to their correctness.

March 18, 1940.

EDWARD S. BLAGDEN,
DECOURSEY FALES,
Auditing Committee.

PURPOSES FOR WHICH INCOME OR PRINCIPAL OF RESERVE FUNDS IS USED

The income from investments held in the Endowed Bed Fund, General Endowment Fund, Bella Cooke Trust Fund, Abby Sherwood Jesup Fund, Maria DeWitt Jesup Fund, Russell and Margaret Olivia Sage Memorial Fund, Mary Clark Thompson Fund, Henry D. Brookman Fund, and Elizabeth Colgate Maghee Fund is used to meet the current expenses of the Hospital.

Patients' Relief Fund is used to meet the cost of supplies or relief furnished to needy patients.

H. Smith Periodical Fund is used to provide periodicals for the wards

of the Hospital.

Cheer Fund is used to provide cheer for patients, staff, nurses and employees.

Transfusion Fund is used to provide blood transfusions to needy pa-

tients.

J. Marion Sims Research Fund is used for Research Work in the Hospital.

Babies' Alumni Fund provides free care for deserving mothers and babies in the Maternity Ward.

Mr. and Mrs. Robert Brundrett Fund is used to provide free care for needy maternity cases.

J. Riddle Goffe Research Fund is used for research work in the labo-

ratory of the Hospital.

J. Riddle Goffe Medical Book Fund is used for purchase of books and periodicals.

Mand Aguilar Leland Fund is used for blood transfusions for needy patients or for scientific research.

deLong Fund is to be used for X-ray equipment.

REPORT OF THE SUPERINTENDENT

To the Board of Governors:

Ladies and Gentlemen:

I have the honor to present herewith the Report of the Superintendent

for the year 1939.

For the third consecutive year the activities of the Hospital have increased. Service was rendered to a total of 16,175 individuals of which 5,830 were in-patients who received a total of 81,458 days care in the wards, semi-private and private rooms and 10,345 were outpatients who made a total of 41,665 visits to the Out-Patient Department. Births totaled 1,729 which included 20 pairs of twins.

The Social Service Department cared for 3,930 cases and made a

total of 36,020 ward, clinic, office and home visits.

A comparison of the service rendered during the past year with that of the preceding year shows an increase of 327 in the number of inpatients cared for and a net increase of 3,410 in total days care.

There were slight decreases in private and ward days care and an increase of 4,859 in semi-private days care. A considerable factor in this trend is undoubtedly the continued growth of hospitalization insurance plans. Births increased by 69 and out-patient visits decreased by 2,029.

The Report of the Treasurer shows an increase in earnings of \$6,529.94 an increase in donations from all sources of \$4,028.43 and a decrease in income from investments of \$10,422.14; the total net decrease in Current Revenue, as compared with the year 1938, amount-

ing to \$184.34.

The reduction, effective April 1st, in the rate paid by the Associated Hospital Service for the care of its members caused a reduction of \$15,277.04 in earnings for the year. The original rate of payment will be restored on January 1, 1940.

There was a net decrease in Current Expenses of \$2,848.74. Although the salaries and room rent of general duty nurses increased \$6,973.89, this amount was more than offset by decreases in expenditures for

provisions and maintenance.

Total Current Revenue for the year amounted to \$499,547.48 and Total Current Expenses to \$552,490.67 with a resultant excess of Current Expenses over Current Revenue of \$52,943.19.

Average per capita costs for the year were as follows:

Private and Semi-Private Adults per day	\$8.66
Private and Semi-Private Infants per day	
Ward Adults per day	7.59
Ward Infants per day	1.90
Out-Patients, per visit	1.08

More detailed information regarding costs and the work accomplished may be found in the Report of the Board of Governors, in the depart-

REPORT OF THE SUPERINTENDENT

mental reports and on the statistical pages immediately preceding this report.

During the year the Hospital cared for 507 indigent public charges at a cost of \$38,579.19. The payments made by the City of New York for the care of these cases amounted to only \$11,607.20.

A total of 1,027 subscribers to the Associated Hospital Service, Inc., were admitted during the year, an increase of 291 over 1938.

The Hospital and Out-Patient Department were inspected in February and September respectively by a representative of the State Department of Social Welfare and the following comments made, "This plant, while not of recent construction, is in good condition and provides adequately for the work. A well organized administration, which is constantly improved, is conducted by this institution and results in an excellent service to the patients."

Among the improvements and replacements made during the year may be mentioned:

5 new Anæsthesia Machines (replacement)

A portable Air Conditioning Apparatus for use in patients' rooms

Providing a Nurses' Office and Isolation Room on Ward C Installation of Central Air Pressure and Suction Supply to operating and delivery rooms, thus eliminating hazard from sparking motors or switches

Metal Shelving and Tile Floor for Central Linen Room Oil Separator for Steam Heating System (replacement)

Necessary repairs were made to all mechanical equipment and apparatus and the usual amount of painting and renovating done to keep plant and equipment in good operating condition.

We are indebted to the Assistant Board for making possible many improvements and refurnishings by appropriations from their Special

Fund. A list of these may be found on page 25.

In May, the Superintendent, Assistants and many Department Heads attended the Annual Conference of the Hospital Association of New York State held in this City. The Standardization Section of the Conference of the American College of Surgeons, held in Philadelphia in October, was attended by our Assistant Superintendent and Record Librarian.

Valuable information and important contacts are always gained at

these meetings by all who are privileged to attend.

The Babies' Alumni, founded in 1921, continues to expand; 462 new members having joined in 1939. The Alumni contributed \$2,126 from its funds toward the cost of free care given indigent mothers in our wards during the year.

Our membership in the Hospital Bureau of Standards and Supplies continues to be of great advantage in the economical purchasing of much of the supplies and equipment needed by the Hospital.

REPORT OF THE SUPERINTENDENT

By the resignation in September of Mrs. Josephine H. Combs, Directress of Nurses since April 1920, the Hospital lost an able executive, always devoted to its best interests. Under Mrs. Combs' direction, our Post-Graduate School has made notable progress and is now recognized as one of the best of its kind. Miss May L. Ryan, her capable assistant for over eight years, resigned her position at the same time to return to public health nursing.

Appreciation and thanks are due my Assistants, Department Heads and the Personnel in general for their efficient service and loyalty to the best interests of the Hospital, and I thank your Board for your con-

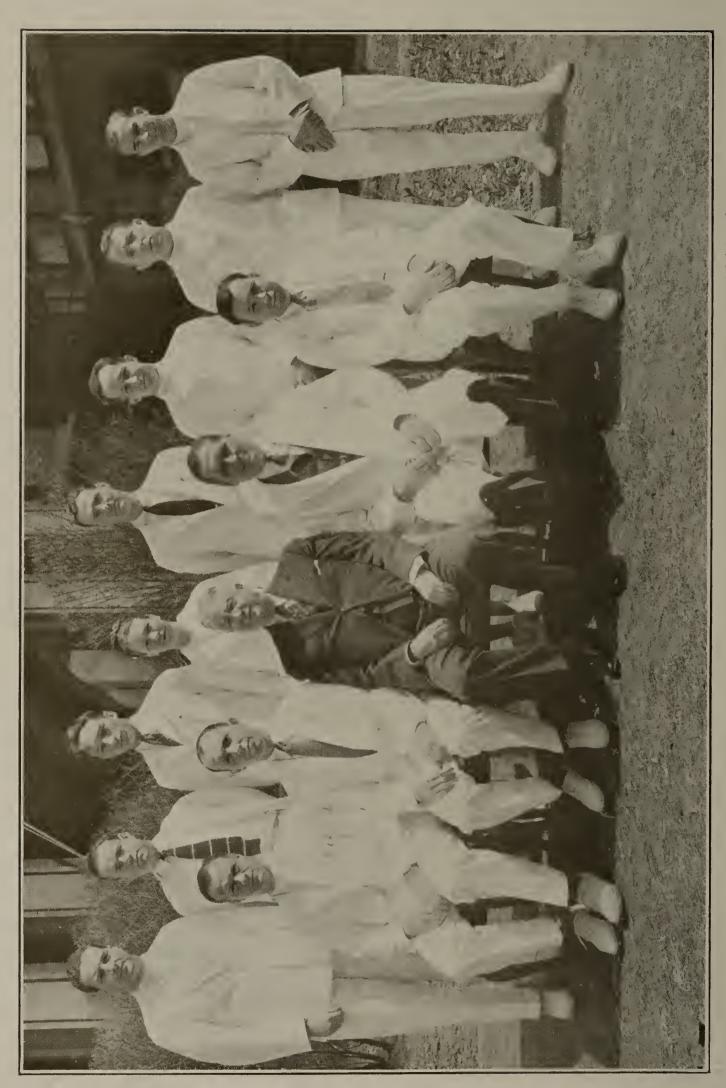

tinued support.

Respectfully submitted,

JAMES U. NORRIS,

Superintendent.

CHIEF SURGEON EMERITUS, CHIEF SURGEON AND RESIDENT STAFF 1939-40

To the Board of Governors:

Ladies and Gentlemen:

I have the honor of presenting the Annual Report of the Surgical Department for the year 1939.

During the year there have been 1,904 admissions to the ward and private gynecologic services. One thousand seven hundred and thirty-six gynecologic operations were done with a mortality rate of 1.09% as compared to an average mortality rate of 1.43% for the last ten years.

In 1939 we delivered 1,736 patients and were fortunate in not having a maternal death on either our ward or private obstetric services.

In September a Surgical Clinic was held for the joint meeting of the Junior American Gynecological Travel Club and the Gynecological Club of Great Britain. Guests at this meeting included the following distinguished obstetricians and gynecologists from the British Isles: Mr. R. H. J. M. Corbet of Dublin, Mr. M. Donaldson, Mr. L. C. Rivett and Mr. L. H. W. Williams of London, Mr. H. J. Drew Smythe of Bristol, Mr. A. Gough of Leeds, Mr. W. F. T. Haultain and Mr. J. Sturrock of Edinburgh, Mr. T. N. A. Jeffcoate of Liverpool, Mr. R. A. Lennie of Glasgow and Mr. J. W. A. Hunter of Manchester.

In November members of the Surgical Staff participated in the program of the Twelfth Annual Graduate Fortnight of the New York Academy of Medicine. They also conducted an all day surgical clinic in November for a large group of obstetricians and gynecologists from upper New York State.

All of these clinics were well attended and the interest which our visitors showed in the programs that were presented, was most gratifying.

STAFF CONFERENCES

Weekly Staff Conferences were held from October first to June first. During the summer months, casualty reports were filed every week in the Chief Surgeon's office. Since 1918 stenographic records of reports presented at these Conferences, have been bound and placed on file. The average attendance was 36 and we had a total of 184 visitors in 1939. The Conferences are devoted to a careful check on the results of work for the week in all departments. At every Conference a demonstration of interesting pathological specimens is given by the Pathologist, and a part of the hour is devoted to case reports or short talks by members of the Attending and Resident Staffs, or visitors who have been invited to address the Conference.

RESIDENT STAFF AND TEACHING

Within the past few years, significant changes in obstetric care have occurred throughout the country. Hospital facilities have been im-

proved and extended. With this has come the demand for increasing numbers of physicians who are well trained in obstetrics and gynecology, and for nurses who have had special training in modern methods of maternal care.

The Surgical Staff has been conscious of the opportunity and responsibility which it has in helping to develop our teaching facilities to the fullest extent. Two additional positions have been created to add to opportunities for training residents, and much thought has been given to utilizing the means which we have to provide special training for nurses.

Members of our Resident Staff are required to attend regular scheduled lectures and clinical demonstrations given by members of our Surgical Staff. Residents are given regular instruction in pathology and urology and are allowed to do operative work under careful supervision.

Through an affiliation of the Woman's Hospital with Columbia University members of the Resident Staff may work for the advanced degree of Doctor of Medical Science while they are getting their specialty training at the Hospital.

In order to protect the health of our Residents, routine physical examinations are required at regular intervals during their two years of service. During the past year they have also been granted one week-end per month off duty in addition to the usual one month of vacation.

Members of the Surgical Staff have given regular lectures as a part of the postgraduate courses of instruction for nurses.

SURGICAL LIBRARY

The Surgical Board is grateful to Doctor Davies for his continued interest in supervising the Surgical Library. Thirty-seven volumes of valuable magazines and books have been bound and placed on file during the year. Subscriptions to eight of the leading medical journals were renewed. One new textbook was added to the Library.

RADIUM

Since radium was made available in 1919, 3821 cases have been treated. In order to meet the gradually increasing demand for this form of therapy, we need an additional one hundred milligrams of radium.

The Surgical Staff is proud of the fact that the Woman's Hospital was again selected as one of the two American institutions which were invited to publish their results of treatment of gynecologic cancer in the 1939 League of Nations report.

In order to add to the safety of radium treatments, our radium was transferred during the past year, to modern types of containers.

The following is a summary of activities in the various departments during the year ending December 31, 1939:

GYNECOLOGICAL DEPARTMENT

	Total	Mortality Rate Per Cent
Number of patients discharged	1,906	1.15
Number of ward patients discharged	1,059	1.42
Number of gynecologic operations	1,736	1.09
Number of gynecological operations on ward patients	963	1.45
Obstetrical Departmen	NΤ	
		Maternal Mortality
	Total	Per Cent
Total patients discharged	1,953	0.0
Ward patients discharged	939	0.0
Total patients delivered, viable births	1,736	0.0
Ward patients delivered, viable births	818	0.0

Fetal Mortality

Per Cent

2.26

2.58

Total

1,725

OUT-PATIENT DEPARTMENT

Total viable babies delivered

Ward viable babies delivered

Success in the routine of the Hospital depends to a great extent upon the efficiency of the work in this Department. It is here that patients must be carefully examined, to select those in need of admission to the hospital wards for treatment or operation. With improvements in the facilities in this Department and the development of more effective methods of treatment, many patients with conditions which formerly demanded hospitalization for treatment, can now be treated as ambulatory cases.

The following statistics are sufficient to indicate the tremendous volume of work that is done in the gynecologic, obstetric and special clinics of this Department.

	<i>1939</i>	<i>193</i> 8
Number of patients treated	35,973	38,012
Number of visits	41.665	43.694

During a part of every year the Chiefs of the Outpatient Department Clinics are assigned to indoor duty on the regular gynecologic and obstetric services.

PATHOLOGICAL DEPARTMENT

As in all well organized modern hospitals, the Attending Staff constantly depends upon the results of work in this Department to assist in making accurate diagnoses, and for routine laboratory tests as a check on the results of treatment. During 1939, 45,188 clinical and pathological examinations were made.

Doctors Stohr and Motyloff give regular instruction to our Residents in gross pathology and laboratory methods. At regular scheduled hours,

Doctor Motyloff conducts a course in microscopical pathology for the benefit of our Residents.

ROENTGENOLOGIC DEPARTMENT

The work of this Department is invaluable as an aid to diagnosis and treatment in gynecology and is becoming increasingly important in the solution of many difficult obstetric problems. The results of studies of obstetric patients provide valuable material for teaching our Resident Staff.

A summary of the year's work is as follows:

	Nui	nber
	1939	<i>193</i> 8
Patients referred for diagnosis	1,152	1,221
Patients referred for roentgen therapy	175	160
Patients treated for malignant disease	74	77
High voltage treatments	1,420	1,664
Medium and superficial treatments	469	303
Total number of treatments given	1,889	1,967
Total number of patients examined or treated	1,322	1,381

PEDIATRIC DEPARTMENT

Through the efforts of an active pediatric staff our newborn infants have had the benefit of routine expert care. Members of the Staff make daily rounds, supervise the care and feeding of all ward babies while in the hospital and conduct a follow-up clinic to assist mothers with the care of their infants after discharge from the hospital. Through splendid coöperation between the staffs of the Pediatric and Nursing Departments our nurseries have fortunately been kept free of epidemic complications which have been the cause of so much concern in many hospitals throughout the country.

Of the infants born in 1939, 732 were cared for in our Pediatric Follow-up Clinic. The total number of visits was 1,274.

RECORD DEPARTMENT

The high standard of efficiency established in this Department has been maintained. In 1939, 16,035 clinical charts and abstracts on file, were consulted for data regarding patients under treatment or for use in making research studies. A new form has been added on all the charts for the recording of physicians' orders. Data on all case histories for the year has been cross-indexed and the charts have been approved and filed. As has been the custom for the past fourteen years, end results of treatment of all patients have been audited by Merwin-Davis, statisticians. A detailed analysis of the results of treatment obtained by individual members of the Staff as well as a summary of results achieved by the entire staff have been completed.

During the past year Miss Ellen G. Cardwell, our Record Librarian, served as Chairman of the Commercial Exhibits Committee for the annual meeting of the American Association of Medical Record Librar-

ians. At the 1939 meeting she was reappointed to act as Chairman of the same Committee for the year 1940, and was also elected Second Vice-President of the Association.

Anesthesia Department

During 1939, the nurse and visiting anesthetists administered 3,497 anesthetics to our obstetric and gynecologic patients. The new anesthesia apparatus purchased in 1938 greatly facilitated the year's work in this Department. It now seems certain, as was anticipated when this new equipment was purchased, that the reduction in amount and cost of anesthetic agents necessary to operate these new machines will be sufficient to pay for them in the near future.

NURSING DEPARTMENT

During the past year several changes have occurred in the personnel of this Department. On October first, Miss Grace Haycock assumed her duties as Director of Nurses and Miss Beatrice Sprague became the Assistant Director of Nurses. These two appointments were made to fill the vacancies created by the resignations of Mrs. Josephine H. Combs, Director of Nurses, and Miss May Louise Ryan, Assistant Director of Nurses. Both Mrs. Combs and Miss Ryan deserve the appreciation of all those connected with the Hospital for their long terms of faithful service.

Miss Ella M. Rafuse, Educational Director, has also resigned but will continue her duties until May 1, 1940.

Miss Haycock and Miss Sprague are both well qualified for their new positions. Many changes are gradually being put into effect which will improve the nursing service for our patients. Furthermore, a complete reorganization of the postgraduate courses of instruction for nurses will soon be completed. It is hoped that in the near future all the facilities which we have for teaching nurses practical modern methods for the nursing care of gynecologic and obstetric patients will be made available to nurses who wish such training.

SOCIAL SERVICE DEPARTMENT

Prolongation of the existing economic depression has increased the opportunities for this Department to assist many families with the solution of distressing problems which come through illness.

As the standard of work in any modern hospital improves, social service work becomes increasingly important. Again, we are indebted to the Director of the Social Service Department and her Assistants for their untiring efforts in maintaining an excellent record of attendance in all gynecologic and obstetric follow-up clinics. During the past year, the employment of an additional social worker has somewhat relieved the load of work being carried by the Social Service Staff, and has increased the efficiency of work in this Department.

SPECIAL CLINICS DEPARTMENT

Through the personnel in charge of our Special Clinics, expert advice as to diagnosis and treatment is made readily available to many Outpatient Department and ward patients.

UROLOGIC CLINIC

The Urologist and his Assistants conduct three Urologic Clinics per week. At these clinics Doctors Hoch and Murphy, Assistant Urologists, give regular instruction in Urology to members of our Resident Staff.

GASTROENTEROLOGIC CLINIC

During the past year Doctor William H. Glafke who has conducted this clinic for the past seventeen years, was made Consultant in Gastro-enterology to the Hospital. Doctor John E. Hutton was appointed Gastroenterologist and has assumed charge of the routine work of the Clinic.

ORTHOPEDIC CLINIC

A considerable number of gynecologic and obstetric patients have orthopedic conditions and complications which cause suffering and often complicate diagnosis. An Orthopedic Clinic is held once per week, under the direction of Doctor Frederick J. Matthews, for the benefit of patients needing such care. The services of two masseuses are available to assist with the work in this Clinic.

ENDOCRINE CLINIC

With continued progress in scientific research in the field of Endocrinology, the work of this Clinic is becoming increasingly important in the treatment of many gynecologic patients. We are again indebted to G. W. Carnrick Company for its contribution of endocrine products which has greatly assisted in carrying on this work. Endocrine products are necessarily expensive and the financial problem involved in providing an adequate supply of such preparations for our Clinic patients, is a serious one.

Summary of work in the above Special Clinics is as follows:

	New	Cases	Total	Visits
	1939	<i>1938</i>	<i>193</i> 9	<i>193</i> 8
Urology	154	205	1,530	1,711
Gastroenterology	32	61	315	482
Orthopedics	49	59	532	498
Endocrinology	67	86	1,197	1,277

CHANGES IN THE SURGICAL STAFF

The following changes in the Surgical Staff have taken place during the year:

Dr. George E. Brewer, Consultant Surgeon, deceased.

Appointments:

Dr. William H. Glafke, Consultant in Gastroenterology.

Dr. John E. Hutton, Gastroenterologist.

Dr. Frederick H. Wilke, Assistant Pediatrician.

Dr. Orville K. Chancellor, Clinical Assistant.

Dr. Haig Carapetyan, Clinical Assistant.

Dr. Winifred Bronson, Clinical Assistant.

Dr. Daniel R. Mishell, Clinical Assistant.

Dr. Donald Harmon, Clinical Assistant.

Dr. Elizabeth Hinckley, Clinical Assistant.

Dr. Richard S. Meredith, Clinical Assistant.

Dr. Earl L. Gaylor, Clinical Assistant.

Upon the satisfactory completion of their services the following members of the Resident Staff were granted diplomas: James A. Dusbabek, M.D., Benjamin F. Clark, M.D., Gregory Smith, M.D., Richard S. Meredith, M.D.

RESEARCH AND SCIENTIFIC CONTRIBUTIONS

Dr. Ward:

Discussion on Cancer at Cornell Medical College Staff Conference. "Uterine Displacements." Read before the Postgraduate Surgical Assembly, Tenth Annual Meeting of the Southeastern Surgical Congress at Atlanta, Georgia.

Lecture on "Marion Sims and the Woman's Hospital" at the Wom-

an's Hospital.

Discussion "Complications of Cancer of the Cervix" at the meeting of the American Gynecological Society at White Sulphur Springs.

"Benign Gynecologic Hemorrhages." Chairman's address prepared for the American Congress of Obstetrics and Gynecology at Cleveland.

"Gynecologic Hemorrhages." Chairman's Round Table address at

the American College of Surgeons meeting in Philadelphia.

"Report of a case of Amenorrhea of three years' duration; blood urine and smear studies; intensive hormone medication." Academy of Medicine Annual Graduate Fortnight, Chairman of Round Table Conference.

"Radium Therapy in Gynecology." Read before The Harlem Medical Association, New York City.

"Uterine Displacements." Read at the regular meeting of the Society of the Alumni of Sloane Hospital, New York City.

Series of lectures on Gynecology and Obstetrics to the Resident Staff of the Woman's Hospital.

Dr. Murphy:

"Urologic Complications following Complete and Supravaginal Hysterectomy." Published in the *Journal of Obstetrics and Gynecology*.

Dr. Marr:

"Uterine Hemorrhage of Late Pregnancy." Read before the State Medical Society of Vermont at the 125th Anniversary, October, 1939.

Dr. Sackett:

"Cancer of the Uterus and Its Treatment." Read before Morristown Memorial Hospital, February, 1939.

"Hernia of Cul-de-sac." Read before Friday Night Medical Club,

February, 1939.

Discussion of paper by Dr. Hyman Strauss on "Cancer of the Corpus Uteri." New York State Medical Society meeting, Syracuse, April, 1939.

Dr. Davies:

Stress Urinary Incontinence and its Relation to Cystocele. Thesis presented at the American Medical Association, Annual meeting in St. Louis. Published in the *Journal of Surgery, Gynecology and Obstetrics*, September.

Injuries to the Vagina and the Pelvic Outlet. Paper read before the

Washington Gynecological Society.

Cystocele. Paper read at the New Jersey State Medical Society meeting, Atlantic City. Published in the New Jersey State Journal of Medicine.

The Acute Gynecological and Obstetrical Abdomen. Paper read at the West Side Clinical Society.

Dr. McIntosh:

A Study of Radiation Pneumonitis. American Journal of Roentgen-

ology and Radium Therapy, April, 1939.

Roentgen Therapy of Acute Mastitis During Lactation. Read before the Annual Meeting of the New York State Medical Society, Syracuse, April, 1939. Published in the New York State Journal of Medicine, January, 1940.

Dr. Stohr:

Carcinogenic Function of Granulosa Cell Tumors. (To be published.)

Dr. Motyloff and Dr. Mishell:

The Practical Value of Endometrial Biopsies. Read before the New York State Medical Society, April, 1939.

Senile Vulvovaginitis. Its Treatment with Estrogenic Ointment. (To be published.)

Dr. Aldridge:

Recognition and Management of Abnormal Obstetric Presentations. Presented at the New York Academy of Medicine, March, 1939, and at the Oklahoma City Clinical Society meeting in October.

Sterility. Paper presented at the Oklahoma City Clinical Society

meeting in October, 1939.

Discussion of papers on: 1. Analgesia and Its Direct Relationship to the Incidence of Forceps, 2. Abruptio Placenta, 3. Placenta Previa, 4. Abortions, before the Oklahoma City Clinical Society in October, 1939.

Endometriosis. Discussion of Doctor Hurd's paper before the New York Obstetrical Society.

Chemotherapy in Obstetrics and Gynecology. Discussion of Doctor Robert Gordon Douglas' paper, before the New York Obstetrical Society.

NEW EQUIPMENT

During the past year the following new apparatus has been provided:

1. An otoscope for use in our nurseries.

2. Spraying apparatus in all delivery rooms for applying antiseptic solutions.

3. New platinum containers for our radium.

4. A new lens and modern lighting equipment for photographic work in the laboratory.

NEEDS OF THE SURGICAL DEPARTMENT

Our equipment and facilities must be constantly improved and made to conform to accepted, modern standards, if our patients are to continue to receive the highest quality of medical care that we aim to provide for them.

Immediate blood transfusion is frequently a life-saving measure in the treatment of hemorrhage and surgical shock. In no other class of hospital patients, is this form of therapy needed more frequently or more urgently than in the treatment of gynecologic and obstetric patients. Professional donors can be readily obtained at a cost of \$50.00 per transfusion. The Guggenheim Transfusion Fund is less than last year. At present we have \$1,959.81 in the Fund. Donations to this Fund are earnestly requested in order that needy patients shall not be deprived of this invaluable means of treatment.

Attention is again called to the fact that we need another one hundred milligrams of radium to meet the demand in cases requiring such treatment. The cost of this additional amount is approximately \$3,000.00.

In order to provide adequate protection for our patients, the equipment in use for diagnostic work and low voltage roentgen therapy should be entirely shockproofed. This will require replacement of some of our present apparatus and structural changes at an estimated cost of approximately \$10,000.00. The Board of Governors have approved making the necessary changes as soon as funds can be made available.

The J. Marion Sims Research Fund amounts to \$2,542.31, and in the J. Riddle Goffe Research Fund we have \$6,057.70. The J. Riddle Goffe Book Fund used to defray the expense for new textbooks and subscriptions to medical journals, amounts to \$5,300.58.

The Maud Aguilar Leland Fund for blood transfusions or scientific research, amounts to \$2,747.94.

Again I wish to convey to the Board of Governors the appreciation of the Surgical Staff for its interest and generosity in helping us to provide necessary facilities for the care and comfort of our patients.

I am grateful to the Superintendent and his Staff, and the Nursing

Department, for their assistance and cooperation.

Finally, I welcome this opportunity to acknowledge the wholehearted support which I have received from every member of the Surgical Staff, and especially from members of the Surgical Board.

I submit herewith the report of the Follow-Up Clinics for 1939.

Respectfully submitted,

ALBERT H. ALDRIDGE,

Chief Surgeon.

REPORT OF THE FOLLOW-UP JANUARY 1, 1939, TO JANUARY 1, 1940

GYNECOLOGY

During the year 2,104 patients have been under observation in the Follow-Up Clinics. The total number of visits to these clinics was 4,082. The response of patients to requests that they return for examination and advice after hospitalization for treatments or operations is as follows:

Satisfactory	
Partially satisfactory	12.21%
Failed to return	

On the basis of physical findings and success in relieving preoperative symptoms, the cases examined were classified as follows:

Satisfactory	74.94%
Partially satisfactory	
Failures	
Undetermined	8.12%
Unfinished	
No operation	

Five hundred and seventy-seven patients were permanently discharged out of the Follow-Up Clinic and classified as follows:

Satisfactory	
Partially satisfactory	19
Failures	3

Attendance at the Follow-Up Clinics has been well maintained by the work of the Social Service Department. In order to encourage delinquent patients to come for examination 576 home visits were made and 592 letters were sent out.

OBSTETRICS

Obstetrical patients return for follow-up examinations six weeks after delivery and as frequently and as long thereafter as seems necessary. In 1939, 798 patients made 1,064 visits to the Obstetrical Follow-Up Clinic. Seven hundred and fifty-seven of these patients were permanently discharged with the following classification:

	Number	Percent
Satisfactory	490	64.72
Unsatisfactory	55	7.26
Unchanged		28.00

Of the patients delivered in 1939, 63 failed to return for examination, and 23 returned for one or more examinations but failed to report for final discharge.

The Social Service Department made 582 home visits and sent 327 letters to delinquent follow-up obstetrical patients.

REPORT OF THE PERSONNEL PHYSICIAN

TO THE SUPERINTENDENT:

Sir:

As Personnel Physician, I have the pleasure to submit the Annual Re-

port for the year 1939.

During the past year 1409 visits or treatments were made. Four hundred and three of the hospital personnel reported an illness or injury of some nature. This was an increase of one hundred and twenty-three over the previous year, but many of these ailments were trivial in character. Ninety-three persons reported to have injured themselves while on duty. Of this number nineteen were reported to the State Insurance Commission. One hundred and twenty complete physical examinations were done on the new employees of all the hospital departments and the student nurses admitted to the post-graduate school. The Wassermann test was done on all those involved in the handling of food.

The general health of the hospital personnel was satisfactory. There was an increase in the hospital bed days over the previous year, 404 compared to 257 for 1938, but less than the 665 for 1937, the 860 for

1936 and the 751 for 1935.

As in previous years the commonest ailment noted was the upper respiratory infection. The gastro-intestinal upset came next in frequency. All persons who were suffering from any apparently infectious disease was appropriately isolated. There were no serious epidemics in the hospital during the year.

I would like to take this opportunity to express my sincere appreciation for the coöperation of the Nursing Office and the various depart-

ments of the hospital with which I came in contact.

The following is a summary of the year's work:

Individuals Examined	616
Health Examinations	120
Individuals III	403
Injured Cases	93
Visits	1,409
Patients referred into Hospital	50
Hospital Bed Days	404
Operations	18
Surgical Dressings	140
Days Off Duty	2,364
Patients referred to other Clinics	17
Consultations	32
X-ray Diagnosis	189
Blood Counts	90
Urine Examinations	95
Cultures_Examined	40
Smears Examined	12
Basal Metabolism Determinations	10

Respectfully submitted,

Dudleigh C. Stone, M.D., Personnel Physician.

REPORT OF THE NURSING DEPARTMENT

To the Board of Governors:

Ladies and Gentlemen:

I have the honor to submit to you the annual report of the Nursing Department.

The Nursing Staff as of December 31, 1939, is as follows:

Supervisor of O. P. D 1 (net)	Supervisors of Wards and Private Floors 6 Head Nurses 17 Senior Staff Nurses 4 Suture Nurses 4 Registrar 1 Daily average General Staff (net) 90.1 Daily average Students (net) 21.2 Daily average Nurses Helpers (net) 16.4	
Assistant Supervisor of O. P. D	(net) 10.4	

STUDENT NURSES

Three postgraduate courses were offered during the year: An Eight Months' General Course, a Four Months' Obstetrical Course and a Four Months' Operating Room Course. Seventeen students were admitted in January, nine in May and twenty in September. A total of forty-six students of which, three resigned shortly after starting the course, nineteen were granted certificates for having satisfactorily completed one of the Four Months' Courses, fourteen were awarded diplomas for having completed the Eight Months' Course and the remaining ten will receive diplomas in May, 1940. This group represents twenty-three states, Canada and Germany. It is interesting to note that only one came from New York State.

Most of the students came with definite plans to return to a former position, however, twelve remained on our staff. Many requests have been received for nurses who are capable of doing advanced work in supervisory positions. We regret that it is not always possible to satisfy these requests. Schools have been contacted and asked to send promising individuals for courses in which they may need assistance.

Considerable thought should be spent on the selection of students in relation to personal, educational and health qualifications. Our goal is to secure a larger number of applicants so that a more careful selection of students may be possible. Another objective is to arrange certain features in the courses to meet the specific needs of students. We believe deliberate efforts toward affiliation with Teachers College, Columbia University, should be made to attract a highly selected group.

SCHOLARSHIPS AND STAFF EDUCATION

During the year 1939 two supervisors who had taken a postgraduate course here received scholarships to attend Teachers College, through

4

REPORT OF THE NURSING DEPARTMENT

the courtesy of the Committee on Nurses. Eighteen members of the staff were given extra time off duty to take courses in Nursing Education. This was done to keep abreast with the advancing professional requirements of today.

RESIGNATIONS

Mrs. Josephine H. Combs, who had been Directress of Nurses for many years, submitted her resignation to take effect September 15. Miss May L. Ryan, Assistant Directress of Nurses, was succeeded by Miss Beatrice Sprague. Miss Nancy Rutledge, after having been on our staff for eight years, resigned to accept a position in South America. There was about fifty percent turnover of the general staff nurses, and although it is well known that this group is a transient one, an attempt to remedy the situation deserves special attention.

ACTIVITIES

More extra-curricular activities should be offered to the nurses. We hope to concentrate on cultural phases in order to assure the strangers opportunity for self-expression. This may be done through systematized activities in the Nurses' Home such as dances, teas, book reviews and public speaking; also tours to places of interest in the city and attendance at concerts made available through donations.

We are very grateful to Mrs. Carnegie for the enjoyment received hearing Peoples Chorus, Christmas and Spring Festivals. The Columbia Broadcasting Company and Town Hall have been most generous in supplying tickets to programs. The Tea Dances given by the Assistant Board have afforded the staff diversion from the regular routine. Three formal dances were sponsored by the students.

REGISTRY REPORT

	1939	193 8
Total number days and nights of 12-hour special duty nursing	5,389	5,294
Total number days and nights of 8-hour special duty nursing	1,912	1,358

We wish to express our appreciation of the confidence placed in us by the Board of Governors, Assistant Board, Committee on Nurses and the Superintendent of the Hospital. We feel indebted to the Chief Surgeon for his stimulus and coöperation. The Attending and House Staffs have been ever ready to assist us in educational programs and the Personnel Physician has been efficient and sincere in caring for the various illnesses.

In closing, I wish to extend my thanks to the Nursing Staff for continued interest and assistance.

Respectfully submitted,

GRACE E. HAYCOCK,

Directress of Nurses.

April 1, 1940.

REPORT OF THE EDUCATIONAL DIRECTOR

To the Directress of Nurses:

The report for the Educational Department for 1939 represents very largely an effort to try out the innovations of the previous two years; to eliminate the unsatisfactory elements from tentative plans; and to re-evaluate and remold the program to produce more satisfactory results.

This was due partly to a feeling that one should not try to add too much to a plan until it has been tested for its adequacy and suitability and partly to the fact that the administrative changes incident to a new régime made it desirable to keep the school set-up as stable as possible.

Study continues to be largely a matter of individual desire and effort but is more than gratifying in the amount of time spent and the results obtained. The outlines which were introduced in 1937 still prove a satisfactory nucleus around which reference readings and class discussions have revolved. They have had to be revised to meet new needs and to allow of a different and more intelligible organization of the material in them but the principle remains the same.

Reference reading has been facilitated by the addition of new books, bought on the recommendation of the doctors and the Educational Director and approved by the Nursing Committee. The library has been re-catalogued and re-arranged to fit into the present program and to make the use of the books easier. The regular magazines of the reference table have been supplemented by the nurses and others in the house who have donated magazines and pamphlets from time to time and with more or less regularity.

The files of allied materials have been enriched by articles contributed from all sorts of sources. Especially valuable are the copies of many of the lectures given by the doctors who have talked to the nurses in the eight-month lecture schedule arranged last year and carried out in essentially the same form this year. These copies allow the listeners to give undivided attention to the speaker, secure in the knowledge that their brief notes can be supplemented later from the lecture notes in the files.

The lecture course itself has proved most satisfactory and thanks are due to the members of the staff who have contributed so generously of their time and interest to make it a success.

During the spring a rather larger share of Miss Crosson's time than was originally planned had to be spent in the nursing office because of the exigencies of illness and change of staff there. In spite of this factor, however, her assistance and her close contacts with the students as they worked on the services have been very valuable. Her sharing of the detail of classroom work has left me more free time to devote to conferences of all sorts with the students and the staff nurses who come for help and advice in all sorts of problems.

Much time has been needed to help nurses who are endeavoring to become registered in the state of New York in compliance with the

REPORT OF THE EDUCATIONAL DIRECTOR

Todd Bill passed in July, 1938, to regulate nurse practice in the state. They have needed advice as to how to proceed to get registration applications; how to fill in the blanks received; whom to consult, etc. Some of them have had to make up deficiencies in special services for which arrangements had to be made. Through the kindness of Dr. Munger and the nursing department at St. Luke's Hospital, three nurses have been able to make up their deficiencies in Pediatrics and arrangements have been made for one to get the necessary Pediatrics and also a month of Diet Kitchen service in the spring. One nurse has also made up class work in Bacteriology and has passed the course satisfactorily. Sincere thanks are due the staff at St. Luke's for their

help in all this difficulty.

Another interesting development came about as the result of a plan of the National League of Nursing Education to accredit schools of nursing on a nation-wide basis. A Board of Accreditation has been set up which will examine and certify schools as to their adequacy. At the moment, only undergraduate schools are being investigated but the Chairman of the Board advised that our school put in an application for inspection and accreditation. With the approval of the nursing committee, this was done. Unfortunately, the Executive Board of the League felt that they could not undertake the inspection of graduate schools at this time but they have filed our application for immediate attention when they begin the work on graduate programs. This is a step in the right direction and, if we can meet the criteria set up, will be an added inducement for graduate nurses to enroll.

Only two scholarships have been granted during the year. Both were given to staff nurses who were former students. They were eligible for the award at the time they graduated but for different reasons did not take advantage of the opportunity. One of these awards went to Miss Daphne Rolfe, a head nurse on ward C. and the other to Miss Nellie Blye Leach who has been night supervisor here for some years. There were students who were eligible from the accomplishment standpoint during the year but they either went to other hospitals at once on graduation or stayed on here on temporary tenure so that

scholarships could not be awarded to them.

The recreation library still gives much satisfaction to users from all parts of the hospital. The books have been supplemented from time to time. A shelf of mystery stories has been exceedingly popular although students are reading the popular and semi-popular books relating to medicine in increasing numbers. The few simple rules have sufficed to keep the books in constant circulation. Only two books have been lost in the two years it has been in existence.

Again the Christmas party planned and carried out by the students was a great success and gave much pleasure to all who attended. It was no small addition to the affair to have Dr. and Mrs. Aldridge and several members of the medical staff and their wives present. We hope they will come often, now the start has been made. Recreation in the form of concerts, theaters, etc., has continued for varied small groups as the

REPORT OF THE EDUCATIONAL DIRECTOR

tickets came in. These tickets are a source of great pleasure to the nurses and sincere thanks are due to those who donate them.

The monthly lectures for the staff nurses which were started last year have gone on as usual this year. Staff and student nurses have attended in varying numbers depending on their interest in the subject that was presented but, on the whole, it has been a satisfactory venture

and those who have come have felt well repaid.

Through the kindness of the Board of Governors, I was able to attend the convention of the National League of Nursing Education in New Orleans in April and the joint convention of the New York State Nurses Association and the New York State League of Nursing Education in Buffalo in October. Both gave much emphasis, as they did in 1938, to the clinical postgraduate course, although there has been little concrete progress in establishing true postgraduate clinical study in courses or in schools. Many people seem diffident about going ahead with the venture until more data as to what is essential is available. We are fortunate to have had so long an experience as a true postgraduate school with all that implies and are deeply indebted to the wisdom, vision and coöperation that has made it possible.

May I offer sincerest thanks for the support and coöperation of Boards and Staffs of the hospital at all times? Without this support, no such progress as is indicated by this report would have been possible.

Respectfully submitted,

ELLA M. RAFUSE, R. N., Educational Director.

To the Board of Governors:

Ladies and Gentlemen:

I hereby submit the following report of the Social Service Department

for the year ending December 31, 1939:

During the past year we have had several cases which required the assistance of one or more organizations before the problems under consideration could be properly adjusted. A great many interviews had to be arranged, both with the patients concerned and the organizations approached, before any constructive work could be accomplished in these cases. Now we are pleased to report that we have been able to effect satisfactory adjustments in all of these problems but one, and that one is being gradually brought to as acceptable a solution as is possible under the circumstances. We have had difficulty in getting prompt action from the Home Relief Bureaus for our emergency cases. Had it not been for a generous anonymous fund, in addition to our social service resources, these cases would have suffered severe hardships while waiting for assistance.

All ward patients admitted to the hospital, both surgical and obstetrical, are interviewed by the Social Service Department. In this way, a closer and more complete contact is established by the depart-

ment, which lays a foundation for further follow-up care.

During the year there were 1,274 visits made to the Monday morning baby clinics by babies born in this hospital. The mothers showed keen

interest in the advice given by our excellent pediatricians.

The prenatal lectures given by the Social Service Department have continued to prove their worth in health education, judging from the results. The Director of Social Service talks to our prospective mothers on diet, exercise, elimination, and the proper outfitting of babies (the latter lecture being given in conjunction with the nurse in charge of the ward nursery). When visiting the homes of these patients, the obstetrical worker emphasizes and further instructs them along these lines.

The surgical follow-up worker continues to have marked success in her returns on follow-up visits and reports. Her efforts in the cancer

work are undiminished and have brought excellent results.

In May, 1939, another medical social service worker was added to our staff. This worker takes care of all the preoperative gynecological clinic patients who are referred for hospitalization. In this way, we are able to obtain a better picture of the home conditions and all other factors which may be involved, and consequently can assist the patient more fully in her own personal needs. This service is certainly of value to the patient for her ultimate recovery.

We have continued our long-established contact with the postgraduate student nurses of the hospital. The Director of Social Service gives

an hour's talk to each new class on the principles of social service and the practical case work arising on the wards. The students have their field work with the surgical and obstetrical workers, and during their out-patient clinic training they are instructed in the methods used in the services rendered by the Social Service Department for the out-patients.

We have had hearty cooperation in the adjustment of our problems from the many organizations in the city, and we are greatly appreciative of the assistance given by these agencies, especially those equipped

to take care of unmarried mothers.

Fresh Air Work

Again the *Herald Tribune* Fresh Air Fund has assisted us materially in caring for the children of our poor patients during the summer months. We have come to rely on this organization for their unfailing coöperation and helpfulness, which has reached so many of our needy children. *Life* Fresh Air Camps reduced our quota of vacancies this year and accepted only two of our children, but they were given the benefit of a whole summer's vacations and profited immeasurably thereby. One of them is now training to be a counselor and shows great promise in that direction. We wish to express our sincere thanks to both these agencies for their valuable service to us.

CHRISTMAS ACTIVITIES

Our annual Christmas party achieved its usual success, judging from the expressions of all those who witnessed the festivities. A Punch and Judy show and an exhibition of sleight-of-hand tricks opened the performance. This was followed by the rendition of Christmas carols by the choristers from the Cathedral of St. John the Divine, under the direction of Mr. Norman Coke-Jephcott. The party concluded with the arrival of Santa Claus, ably impersonated by one of our surgeons, who distributed well-filled stockings containing food, clothing, toys and shoes to the 74 children and 37 adults who were present.

Personnel

At the present time our department consists of four salaried full-time workers, a secretary, and one salaried substitute.

The Director supervises the handling of all problem cases, in addition

to her executive duties, and gives the prenatal lectures.

The Surgical Follow-up Worker instructs every postoperative case regarding clinic attendance, brings back delinquent patients to the follow-up clinics, and superintends the cancer work.

The Prenatal-Postnatal Worker has charge of every prospective mother from the time of her admission to the prenatal clinic until her

discharge from the postnatal clinic.

The Preoperative Worker interviews all patients referred from the gynecological clinic for hospitalization in the wards.

The Secretary keeps the records of all social service cases, and attends to the clerical duties of the office.

The Substitute Worker relieves during the summer months, being required to do the work of those on vacation.

The following is the statistical report of the year:

Social Service General	
New cases	1,194
Reopened cases	199 559
Ward visits	3,158
Home visits	752
Clinic visits	2,883 2,591
Reports to agencies	509
Referred for convalescent care	54 159
Referred to nurseries	867

We are very grateful to the above for their generous contributions of money, clothing, toys, reading material, et cetera, which have not only aided us in our work but have given great pleasure to the patients.

The Social Service Department wishes to express its grateful thanks for the willing and hearty support given by the Committee on Social Service, the Superintendent, the Chief Surgeon and the Directress of Nurses.

We appreciate to the fullest extent the excellent coöperation of our doctors and nurses, and wish to thank them for their activities which helped to make our Christmas party a success.

We acknowledge the loyal cooperation of each department of the hos-

pital in rendering assistance at all times.

My whole-hearted personal thanks is extended to my co-workers for their staunch support and efficient execution of their duties.

Respectfully submitted,

MAE R. BATES, R. N.,

Director of Social Service.

ACT OF INCORPORATION

SEC. 1. Peter Cooper, Benjamin F. Butler, George F. Trimble, Robert B. Minturn and their associates, as hereinafter provided for, shall constitute a body corporate, with power to establish, maintain, and conduct a hospital in the City of New York for the treatment of the diseases peculiar to women, and such other diseases or abnormalities which may be discovered after admission to the hospital, and for the maintenance of a lying-in hospital, which shall be known and designated as the Woman's Hospital in the State of New York.

The following section is part of the Amending Act of April 18, 1888, prior to which date there was a Board of Governors and a Board of Supervisors.

- Sec. 2. The property and concerns of said corporation shall be managed by a Board of Governors which shall consist of all the members of the present Board of Governors and of so many of the present Board of Supervisors as will with the present female members of the Board of Governors make thirteen female members. No male Governor other than those who now hold office shall be elected, until the number of male Governors shall be reduced to less than fourteen. From that time the number of Governors shall be twenty-seven, of which fourteen shall be The members of the Board of Supervisors male and thirteen female. to be added to the present members of the Board of Governors, so as to make the number thirteen, shall be nominated to the Board of Governors by the members of the present Board of Supervisors. The said corporation may hold any lands or property which shall be conveyed to it, and may let, lease, mortgage, or sell the same for the purposes aforesaid.
- SEC. 3. Benjamin F. Butler, George F. Trimble, Theodore Sedgwick, Robert B. Minturn, E. D. Morgan, William F. Mott, Joseph B. Collins, A. R. Wetmore, Alexander E. Hosack, Thomas B. Stillman, Benjamin R. Winthrop, Stewart Brown, William Birdsall, Peter Cooper, E. C. Benedict, H. J. Raymond, J. D. Wolfe, R. L. Kennedy, John Jacob Astor, H. M. Schieffelin, Mark Spencer, George W. Bradford, John W. Francis, Cyrus Curtiss, Joseph Samson and John C. Green shall constitute the Board of Governors.
- SEC. 4. The Governor of the State, the Mayor of the City of New York, the President of the State Medical Society, the President of the New York Academy of Medicine, and the presidents of the following Medical Colleges, namely: the College of Physicians and Surgeons of the City of New York, the Medical Department of the University of New York, the New York Medical College, the Albany Medical College, the Medical Department of the University of Buffalo shall, by virtue of their respective offices, be honorary members of the Board of Governors. Notice of meetings of the Board of Governors shall not be required to be given to them, and they shall not be entitled to vote.
- SEC. 5. The Governors shall be divided into three classes as nearly as may be. Each class shall hold office for three years.

ACT OF INCORPORATION

- SEC. 6. The Board of Governors shall have power to fill all vacancies that may occur in said Board; to enact By-Laws; to organize a Medical Board for said Hospital; and to appoint all other assistants, agents, and servants as may be proper to carry out the purposes of said corporation.
- SEC. 7. Not less than eleven Governors shall constitute a quorum for the purposes of electing officers, making By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.
- SEC. 8. All the Professors and matriculated students of any regular medical college in the State, and all other members of the medical profession, and students of medicine may be admitted to the privilege of visiting said Hospital, under such equal regulations as may be prescribed by the Board of Governors.
- SEC. 9. No person holding an appointment under the Board of Governors (unless it be honorary) shall be a member of that body. But the members of the Medical Board shall have the privilege of attending the meetings of the Board and of taking part in the debates.
- SEC. 10. There may be an Assistant Board, composed of twenty-five ladies, to be appointed from time to time by the Board of Governors in accordance with its By-Laws, to whom shall be assigned such duties as shall be provided by the Board of Governors.
- SEC. 11. At any time hereafter, when the State shall contribute a sum equal to that invested in the lands, buildings, and property of said Corporation, then there shall thereafter, and as long as the said Corporation shall exist, be reserved in said Hospital a certain number of beds, not less than one for each County in the State, for the use of poor patients, residents out of the City of New York, to be selected as the Legislature may hereafter designate; and said patients shall receive the medical attendance and care of the officers of said Hospital, and be boarded therein free of expense, until, in pursuance of the rules and regulations thereof, they are discharged.
- SEC. 12. The Act passed on the first of March, seventeen hundred and ninety-nine, entitled "An Act to Incorporate the Lying-in Hospital of the City of New York," is hereby so far amended as to enable the Trustees of the said Corporation to appropriate its funds to the use and purposes of the Corporation hereby created.
- SEC. 13. This Corporation shall possess the general powers and be subject to the general restrictions and liabilities in the Third Title of the Eighteenth Chapter of Part First of the Revised Statutes.
 - SEC. 14. This Act shall take effect immediately.

Amended Dec. 27, 1939.

BY-LAWS OF THE BOARD OF GOVERNORS OF THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

Revised December, 1939

ARTICLE I.—STATED MEETINGS

- SEC. 1. Stated monthly meetings of the Governors shall be held on the third Monday of January, February, March, April, May, October, November and December. All meetings shall be held at such time and place, in the City of New York, as the Board shall from time to time order or direct.
- SEC. 2. If any member of the Board of Governors shall be absent from six consecutive stated meetings, such absence, unexcused, shall, *ipso* facto, be deemed a resignation of membership.

ARTICLE II.—Order of Business at Stated Meetings

SEC. 1. The following shall be the order of business at the stated meetings of the Board:

Reading the minutes.

Report of the Treasurer.

Reports and communications from the Chief Surgeon.

Reports of Standing Committees.

Reports of Special Committees.

Miscellaneous business, including unfinished business.

Filling vacancies in the Board and in other offices.

Nominations to office.

Sec. 2. All resolutions shall be submitted in writing by the mover.

ARTICLE III.—Special Meetings

The President or any two members of the Board, may call a special meeting of the Governors, by not less than one day's notice, given by the President, the Secretary or the members calling such meeting.

ARTICLE IV.—Election of Governors

At their stated monthly meeting, in March in each year, the Board of Governors shall elect, by ballot, the members who are to serve in the class whose term of service will expire on the third Monday of April next after such election. In case of a failure to hold such election at the time above specified, the election may take place at any stated or special meeting thereafter.

ARTICLE V.—Election of Officers

SEC. 1. At their stated monthly meeting in April in each year, the Board of Governors shall elect, by ballot, a President, a Vice-President,

- a Secretary, a Treasurer, and an Assistant Treasurer and Custodian, who shall all hold office for the term of one year next after their election, and until their respective successors shall be elected and accept office.
- SEC. 2. In case the Board shall fail to elect any officer on the day above specified the election may take place at any stated or special meeting thereafter.
- SEC. 3. The Board may at any time elect one or more honorary Vice-Presidents.

ARTICLE VI.—Presiding Officers

The President, and in his absence the Vice-President, shall preside at all meetings of the Governors. In the absence of the President and Vice-President, the Governors present shall appoint one of their own number to preside.

ARTICLE VII.—THE TREASURER

- SEC. 1. The Treasurer shall have the custody of all bonds, stocks, deeds and other papers and documents relating to the property of the Corporation, and of all moneys received for or belonging thereto, and shall open an account in the name of the corporation with such banks and trust companies in the City of New York, as may be approved by the Board and shall deposit all moneys therein immediately upon receiving them. He shall present each month to the Governors a report of the accounts of the Hospital for the preceding month and shortly after the close of each fiscal year shall present a similar report for such year.
- SEC. 2. He shall cause to be kept such accounts as may be necessary to show properly the receipts, expenditures and financial condition of the Hospital, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Governors.
- SEC. 3. He shall present each month to the Assistant Board a report of the current receipts and expenses of the Hospital for the preceding month.
- SEC. 4. He shall pay moneys by authority of the Board of Governors or of the Executive Committee and is authorized to buy and sell securities and other property with the approval of a majority of the Finance Committee and not otherwise.
- SEC. 5. He shall have the custody of the corporate seal, to be used only under the authority of the Board, or of the Executive Committee, except on satisfaction pieces of mortgages, upon which the Treasurer is authorized to affix the seal when any such satisfaction piece has been duly signed by the President.
- SEC. 6. All bonds, stocks and other invested securities and evidences of debts shall be kept, as the Board may direct, either in the vault of a Safe Deposit Company, to be taken in the name of the Hospital, or with a duly incorporated Trust Company, located in the City of New York,

upon a receipt from such Trust Company, holding itself responsible for the safe keeping of such securities. In either case access to said securities shall be had only by the Treasurer, when accompanied by a member of the Finance Committee, or in the absence of the Treasurer by any two members of the Finance Committee. A record of each visit shall be kept in a book provided for that purpose, stating over the signature of the visitors all withdrawals or changes made in said securities, and when no changes are made the object of the visit.

ARTICLE VIII.—THE SECRETARY

- SEC. 1. The Secretary shall give notice of and attend all meetings of the Governors, take minutes of the proceedings thereat, and transcribe them in a book provided for that purpose, and attest the same.
- SEC. 2. He shall give immediately notice of their elections or appointments to all Governors, officers and members of committees and to the Surgical Staff. He shall prepare the Annual Report of the Governors and attend to its publication.

ARTICLE IX.—Standing Committees

SEC. 1. There shall be the following Standing Committees of the Board:

Executive Committee.

Committee on Finance.

" on Law.

" on Nominations.

" on Supplies.

" on care of Buildings and on Repairs.

" on Nurses.

Inspecting Committee.

Auditing Committee.

Committee on Social Service.

SEC. 2. The President annually, at the stated May meeting, unless it be ordered otherwise by the Board, shall appoint all the Committees.

ARTICLE X.—Executive Committee

SEC. 1. This Committee shall consist of nine Governors, including ex-officio, the President, Vice-President, Treasurer, Chairman of the Committee on Supplies, Chairman of the Committee on Nurses and Secretary of the Assistant Board.

Three shall constitute a quorum.

It shall have the general charge over the Hospital during the time intervening between the regular Meetings of the Board of Governors.

It shall keep records of all its Meetings and shall submit them for confirmation to the Board of Governors at its next regular meeting.

SEC. 2. Its Meetings shall be held at least once a month at such time as may be provided by its rules.

- SEC. 3. It shall audit and examine the accounts of the Superintendent and authorize such repairs and disbursements as may from time to time be necessary and shall draw drafts in favor of the Superintendent upon the Treasurer therefor. Such drafts, except for the monthly pay roll and supplies, shall not exceed \$500 without authority of the Board of Governors and must be signed by two members of the Executive Committee and when received by the Treasurer will authorize him to remit to the Superintendent the amount called for thereon.
- Sec. 4. The following shall be the order of business at regular meetings of the Executive Committee.

Reading the minutes.

Reading the minutes of the Assistant Board.

Reading the minutes of the Surgical Board and communications from the Chief Surgeon.

Report of the Superintendent.

Report of the Committee on Nurses.

Miscellaneous business.

ARTICLE XI.—COMMITTEE ON FINANCE

This Committee shall consist of five Governors including the President and Treasurer ex officio. Its duties shall be to advise with and assist the Treasurer, and to control all investments.

ARTICLE XII.—COMMITTEE ON LAW

This Committee shall consist of three Governors, and the President ex officio. It shall advise the Board as to any legal question submitted to it. It shall have charge of the prosecution and defence of all suits to which the Hospital may be a party.

ARTICLE XIII.—COMMITTEE ON NOMINATIONS

This Committee shall consist of five Governors, including the President and Secretary ex officio. All nominations to fill vacancies in the Board of Governors shall be referred to it, and at the next regular meeting of the governors it shall report such name or names as it may deem best for election.

ARTICLE XIV.—COMMITTEE ON SUPPLIES

This Committee shall consist of five members who shall have the direction and supervision of the purchase of all articles and stores for the Hospital.

ARTICLE XV.—Committee on Care of Building and on Repairs

This Committee shall consist of two members and the President ex officio. It shall have charge and care of the buildings, and have charge of all repairs.

ARTICLE XVI.—COMMITTEE ON NURSES

This Committee shall consist of five Governors and the President and Chief Surgeon ex officio. The latter shall have no vote.

It shall have general supervision over the Nurses and their work.

Three shall constitute a quorum.

ARTICLE XVII.—Auditing Committee

This Committee shall consist of two members, who, shortly after the close of each fiscal year, shall examine and check the bonds, stocks, mortgages or other securities or evidences of value owned by the Hospital and shall also have the accounts of the Treasurer and Superintendent for the last fiscal year examined and checked by certified public accountants; and shall thereafter report to the Board the result of such accounting with its recommendations.

ARTICLE XVIII.—INSPECTING COMMITTEE

- SEC. 1. This Committee shall consist of two Governors for each month, but no two Governors shall serve for two successive months. It shall inspect all the Hospital buildings, visit the wards, service rooms, and laboratories and shall examine as to the cleanliness and order of all parts of the Hospital and grounds.
- SEC. 2. It shall enter its report and suggestions in a book, which book shall be laid before the Executive Committee at its next regular meeting.

ARTICLE XIX.—COMMITTEE ON SOCIAL SERVICE

This Committee shall consist of five Governors and the President and Chief Surgeon, ex officio. The latter shall have no vote. It shall have general supervision over the Social Service Department. Three shall constitute a quorum.

ARTICLE XX.—Assistant Board

- SEC. 1. The Domestic affairs and concerns of the Hospital shall be managed by the Assistant Board, appointed in accordance with the Charter, and composed of twenty-five Ladies. It shall have general supervision over the domestic management of the Hospital, subject to the approval of the Board of Governors.
- SEC. 2. It shall nominate to the Board of Governors members to fill vacancies among its number, shall enact By-Laws for its own government, shall elect annually a Chairman, a Secretary and a Treasurer and shall appoint its Committees, which Committees shall report to the Assistant Board. It shall fix from time to time the number of members of which each Committee shall consist.
- SEC. 3. It may report to the Board of Governors at their Regular Monthly Meeting any matters upon which it may desire to inform the Board, or upon which action may be desired.

ARTICLE XXI.—Executive Staff

The Board of Governors shall appoint a Superintendent and such Assistants as the Board may deem necessary for the service of the Hospital and also a Directress of Nurses, who shall hold office during the pleasure of the Board or of the Executive Committee.

ARTICLE XXII.—Consulting Staff

- SEC. 1. There shall be four or more Consulting Surgeons and Consulting Physicians. They may be consulted on any important case by any member of the Attending Staff.
- SEC. 2. Consultants shall have the privilege of sending patients to the private and semi-private rooms of the Hospital when available, and shall have the assistance of members of the House Staff.

ARTICLE XXIII.—SURGICAL BOARD

- SEC. 1. The Surgical Board shall consist of the Chief Surgeon, who shall be President of the Board, the Attending Surgeons and the Head of the Pathological Department.
- SEC. 2. The Surgical Board shall have general supervision under the direction of the Chief Surgeon of all matters pertaining to the Surgical, Medical and Laboratory work of the Hospital and of the Out-Patient Department. It shall recommend subject to the approval of or at the request of the Chief Surgeon and subject to the approval of the Board of Governors, rules for the internal management of the Hospital so far as the Surgical, Medical, Pathological and all Laboratory Staffs are concerned, provided the rules shall not conflict with the rules and regulations established by the Board of Governors.
- SEC. 3. Should a member of the Hospital Staff be insubordinate or otherwise behave in any way prejudicial to the best interests of the Hospital or welfare of the patients, the Chief Surgeon or any Attending Surgeon may suspend such member and shall report the fact of and the reason for such suspension to the Chief Surgeon and to the Executive Committee and shall notify the Superintendent.

ARTICLE XXIV.—CHIEF SURGEON

- SEC. 1. There shall be a Chief Surgeon in charge of the surgical work of the Hospital who shall be appointed by the Board of Governors and as such Chief Surgeon he shall be the chief head of the Gynecological, the Obstetrical, the Pathological, the Pediatric, the Special Clinics Department and the Out-Patient Departments of the Hospital, and subject to the Board of Governors and the Executive Committee he shall have full charge and management of the Surgical Staff, of the surgical work of the Hospital and of the above Departments, including the assignment of patients.
- SEC. 2. He shall have the control of the clinical material of all the Departments and may select from this material whatever may be neces-

sary for his own use in the Hospital, and subject to the approval of the Board of Governors, he may make use of the clinical material of the Hospital for teaching purposes.

- SEC. 3. The Board of Governors may appoint an Assistant Chief Surgeon who shall perform such services as the Chief Surgeon shall require and in the absence of the Chief Surgeon shall assume, during his absence, all the powers and duties of the Chief Surgeon.
- SEC. 4. In case of expected absence, if no Assistant Chief Surgeon has been appointed, the Chief Surgeon shall have power to appoint as Acting Chief Surgeon, subject to the approval of the Executive Committee, one of the Attending Surgeons, who shall assume during his absence all the powers of the Chief Surgeon.

ARTICLE XXV.—Attending Staff

Sec. 1. The Attending Staff shall consist of

The Chief Surgeon.

The Assistant Chief Surgeon, if any.

Not less than three nor more than ten Attending Surgeons.

Not less than three nor more than ten Associate Attending Surgeons.

Not less than three nor more than ten Assistant Attending Surgeons.

- SEC. 2. Assistant Attending Surgeons shall attend as Chiefs of Clinic in the Out-Patient Department on such days as may be designated by the Chief Surgeon.
- SEC. 3. The members of the Attending Staff shall at all times throw their entire influence in favor of the Hospital, and shall have no connections with other Hospitals which require divided loyalty.
- SEC. 4. Members of the Consulting Staff, the Attending Staff and of the Departments referred to in Article XXVII shall be nominated by the Chief Surgeon and appointed by the Board of Governors.
- SEC. 5. There shall be an age limit of sixty-three years for members of the Attending Staff. This age limit shall not apply to the office of Chief Surgeon.

ARTICLE XXVI.—Leaves of Absence or Vacations

In case a leave of absence from regular service or a vacation is desired by any member of the Attending Staff or of the House Staff, or by the Head or Assistant Head of any Department referred to in Article XXVII a request for such leave must be made in advance (preferably at least a week in advance) upon a form provided for that purpose. Each request, if granted, shall bear the approval of the Chief Surgeon and of a member of the Executive Committee, and should a substitute be necessary, the name of a substitute, qualified to act and who has signified his willingness to act for the absentee during his leave of absence. Each request, if granted, should bear also a statement signed by the Superintendent

that the Superintendent's office has been duly notified in writing of the proposed leave of absence.

ARTICLE XXVII.—DEPARTMENTS

Sec. 1. There shall be

A Gynecological Department.

An Obstetrical Department.

A Pathological Department.

A Special Clinics Department, which shall consist of the Special Clinics of Urology, Gastro-Enterology, Radio-therapy and Orthopedics.

An Out-Patient Department.

A Pediatric Department.

- SEC. 2. Each of these Departments shall have a Head, who shall be subject to the Chief Surgeon. If, however, the Chief Surgeon shall act as Head of any of the Departments, no other Head of that Department need be appointed.
- SEC. 3. All employees in all Surgical Departments shall be subject to the discipline of the Hospital.

ARTICLE XXVIII.—REGISTER AND REQUISITIONS

- SEC. 1. Members of the Attending Staff and Heads and Assistant Heads of Departments referred to in Article XXVII on arrival at or departure from the Hospital shall note the hour of their arrival and departure in a record kept for that purpose.
- SEC. 2. Whenever, in the opinion of a member or members of the Surgical Board, any instrument, apparatus, medical work, or other article shall be thought necessary for use in the Hospital, the name of the article required, and the name of the surgeon or surgeons making the requisition, shall be entered in a book kept for that purpose in the Superintendent's office, and no outlay for the purposes above named shall be made until the requisition shall be approved by the Chief Surgeon and shall be authorized by a member of the Executive Committee.

ARTICLE XXIX.—Courtesy Staff

Invitations shall be extended each year by the Executive Committee or by the Board of Governors upon recommendation by the Chief Surgeon to not more than fifty Surgeons skilled in Gynecology or Obstetrics, who shall have the privilege of sending patients requiring treatment for diseases peculiar to women or obstetrical cases, to the private rooms of the Hospital, and of treating and operating upon the patients sent by them, subject to such conditions as the Board of Governors may, from time to time, determine.

ARTICLE XXX.—Appointments

Members of the Attending Staff, Members of Departments referred to in Article XXVII, Members of the Consulting Staff and of the

Courtesy Staff, shall be appointed annually in the month of April, and shall hold office, subject to the pleasure of the Board of Governors.

ARTICLE XXXI.—Endowed Beds

- SEC. 1. The Board of Governors may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital, subject, however, to such rules and regulations for the admission, treatment and discharge of patients as are now or shall be hereafter prescribed by said Board.
- SEC. 2. Where such nomination is accorded during life, or in perpetuity, the amount paid thereafter shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.
- SEC. 3. A gift of \$10,000 shall entitle the donor and the donor's successors if either of them is or is acting for, a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital for a period not to exceed ninety days of occupancy in any one year.
- SEC. 4. A gift of \$10,000 shall entitle an individual donor and his or her successor, if acting only as an individual and not for a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital.
- SEC. 5. A gift of \$5,000 shall entitle an individual donor and his or her successor, if acting only as an individual and not for a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital for a period not to exceed ninety days of occupancy in any one year.
- SEC. 6. A gift of \$300 shall entitle the donor, for a period of one year, to nominate from time to time a patient to use and occupy one bed in the common wards of the Hospital free of charge for a total of sixty days.
- SEC. 7. All endowed bed privileges are subject to the Rules and Regulations governing the admission, treatment and discharge of patients.
- SEC. 8. Contributions to the endowment fund of free beds, as above provided for, may be made by installments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amount received shall constitute a portion of the Partly Endowed Bed Fund, the income of which shall be used for the payment of the current expenses of the hospital, and no privileges shall accrue to the donor.
- SEC. 9. The Board of Governors shall have power in their discretion to make, under special and exceptional circumstances, such other arrangements (temporary or permanent) as to endowed beds as they may deem best calculated to promote the objects for which the Hospital was established and is now being maintained.

SEC. 10. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Governors may prescribe and when extending over a period of more than one year, shall be signed by the President or Vice-President and Treasurer, who shall affix the seal of the Corporation.

SEC. 11. If a donor of an endowed bed desires to appoint a successor to nominate patients to occupy such bed, the donor must so state in writing by will or otherwise, and notice of such change shall be given the

Hospital within three months.

ARTICLE XXXII.—Amendments

No alteration or amendment of these By-Laws shall be made unless notice shall be given at a previous regular meeting of the Board of Governors. A copy of any proposed alteration or amendment shall be mailed to each member of the Board at least three days prior to the meeting at which action thereon may be taken.
